No. 1 AY 2018 - 2019

July 27, 2018

Message from the Principal

Dear Students, Parents, and Friends of Southville International School and Colleges (SISC):

Welcome to Southville International School and Colleges for the 2018-2019 academic year! As Principal of this vibrant and innovative learning community, it is my great honor to extend a warm and heartfelt welcome to everyone whether new to the school or a familiar face. The 2018-2019 school year marks another start of an important and exciting opportunity for all of our students to have an outstanding educational experience.

With the theme "Embracing Academic Rigor with Growth Mindset and Grit through the 5Cs (Competence, Character, Commitment to Achieve, Collaboration, Creativity)," our students will be exposed to a rigorous curriculum necessary for continued success. They will be encouraged to take both academic and extracurricular risks to promote high academic achievement and personal growth. When their minds are challenged, their hearts are ignited, and their spirits are encouraged, that's the time they evolve into globally minded, critical and creative thinkers who act with confidence, respect and integrity as they pursue life goals.

Highly qualified and dedicated teachers, who are committed to bringing out the best in their students, have designed lesson plans that provide a high level of individual challenge and academic rigor. Many and diverse learning experiences are in place including integrating technology further into classroom instruction to improve student learning in all content areas, and develop 21st century skills critical to contributing and functioning in an information technology society.

SISC will continue to partner with our students' parents/guardians and families so every learner will reach his or her full potential. Parents are encouraged to stay active in their children's education whether taking a few minutes each day to talk with their children about school, or simply seeing that their things are organized for the next school day. Strong collaboration with parents and guardians bring out the best in our students.

I look forward to working with everyone this upcoming school year towards our shared goal of student success. GO MONARCHS!

Marie Vic F. Suarez
Principal

Monarchs qualify for Tournament of Champions at Yale University

The SISC World Scholar's Cup Team is invited to the morning magazine show Bagong Pilipinas aired on PTV - 4.

The SISC Academic Varsity brought home more than 101 gold and silver medals and trophies after competing against 4,000 plus students from 39 countries worldwide in the World Scholar's Cup Global Rounds held last June 18 - 23, 2018 in Kuala Lumpur, Malaysia.

The team is composed of Miguel Dominico Alzona, Mikhail Astin Alzona, Gabrielle Anindito, Geoffrey Eliezer Borabien, Io Carpiso, Cuitlauzina Brianna Cerbito, Akisha Julianne Cu, Renz Leobert Del Rosario, Nicholas James Gonzales, Rance Gabriel Llovido, Hyuk Jin Park, David Jacob Ramos, Jasmine Reeves, Robert Constantine Rivera, Matthew Ezekiel Sybingco, Paul Andrew Tatad, Syna Vastardis and Princess Mei Aguilar.

They competed in four events namely the Team Debate, Collaborative and Individual Writing, Scholar's Challenge and Quiz Bowl after mastering lessons in six subject areas which were Science, Literature, History, Arts and Music, Social Studies and Human Relationships. By meeting the qualifying team threshold mark, they advance to the Tournament of Champions to be held at Yale University in November.

What's a PIF?

The Parent Involvement Form (PIF) has been developed to help parents understand what is expected of students in each grade level in their subject areas. It shows the topics and themes for each term and provides a listing of skills and concepts to be taught in the grade level.

The PIF for Grades 6-12 will be available in the MOODLE while the PIF for Preschool to Gr. 5 will be emailed to the parents. Printed copies of the PIF are also available upon request.

SOUTHVILLE INTERNATIONAL SCHOOL AND COLLEGES

Parent Involvement Form (PIF) MATHEMATICS 6 Academic Year 2018 – 2019

Theme of the Year:
Embracing Academic Rigor with Growth Mindset and Grit through the 5Cs
(Competence, Character, Commitment to Achieve, Collaboration, Creativity)

FIRST TERM

TOPIC/SKILLS	
Unit 1: Statistics	
1.1 Introduction to Statistics	Differentiating Descriptive Researches from Inferential Researches
1.2 Types of Data	Classifying data as either quantitative or qualitative/ discrete or continuous
1.3 Measures of Central Tendency	Computing the mean, median, and mode for ungrouped frequency distribution, including the weighted mean
1.4 Presenting Data	Representing data using pie graphs Representing data using Frequency table
Unit 2: Fractions, Decimals and Percent	
2.1 Addition and Subtraction of Fractions	Solving routine and non-routine problems involving addition and subtraction of fractions. Integrating Equivalent fractions in solving four operations
2.2 Multiplication and Division of Fractions	Solving routine and non-routine problems involving Multiplication and Division of Fractions
2.3 Word Problems involving Fractions	Solving problems involving the four operations on fractions Solving word problems using models and representation. Creating problems involving the four operations of fractions and mixed fractions.
2.4 Fractions, Decimals and Percentages	Converting Fractions to Decimal and Percentage, and the other ways around.
2.5 Addition and Subtraction of Decimals	Adding and subtracting decimals with/without regrouping.
2.6 Multiplying and Dividing Decimals	Multiplying and Dividing decimals with factors up to 2 decimal places. Multiplying and Dividing decimals up to 2 decimal places by 0.1, 0.01, 0.001, 10 and 100
2.7 Word problems involving Decimals	Solving word problems involving 4 operations of decimals Creating problems involving 4 operations on decimals
Unit 3: Ratio and Proportions	
3.1 Ratio and Fraction	Expressing one value as a fraction of another given ratio Illustrating the meaning of ratio and proportion using concrete models

3.2 Comparing Two Quantities or More	Setting up proportions for groups of objects or numbers and for given situations Finding the missing term in a proportion
3.3 Word Problems	Solving word problems involving ratios and proportions in different contexts. Creating word Problems involving ratio and proportions Solving word problems involving inverse and partitive proportions.
Unit 4: Percentage	
4.1 Finding Percentage	Finding the percentage or rate or percent in a given problem Solving problems involving finding the percentage, rate and base using appropriate strategies and tools.
4.2 Percentage Increase and Percentage Decrease	Solving percent problems involving percent increase/decrease (discounts, original price, rate and discount, sale price, marked-up price)
4.3 Commission, Tax and Interest	Solving problems involving commissions, sale tax and simple interest
4.4 Word Problems	Integrating fractions and decimals in discussing percentages Solving and creating problems involving percent

Developing student independence and self-reliance is a collaborative effort

Parents and guardians of Preschool students are allowed to bring their children to the classrooms only on the first week of classes, August 1 - 3, 2018. Starting Monday, August 6, 2018, parents and guardians of Preschool students may accompany their children only up to the gate. **This is to promote independence and self-reliance among our children.**

Parents and guardians who wish to conduct business or seek an appointment with the school officers, teachers, or staff must proceed to the Promotions Office in Luxembourg Campus, or the Business Office in STAR or Munich where a schedule will be arranged for them.

We would also like to appeal to all parents and guardians not to accompany their children during mealtime. We have made provisions for the students' hot lunches to be left with the aides only in Munich and STAR Campuses which the students can claim during their breaktime. (Please label the packed lunch with the student's name, section & level.)

Traffic scheme for Luxembourg, Munich, Tropical & STAR campuses

To help decongest traffic during arrival and dismissal time, the following traffic schemes will be strictly implemented:

A. Traffic Guidelines for Luxembourg, Tropical & Munich Campuses

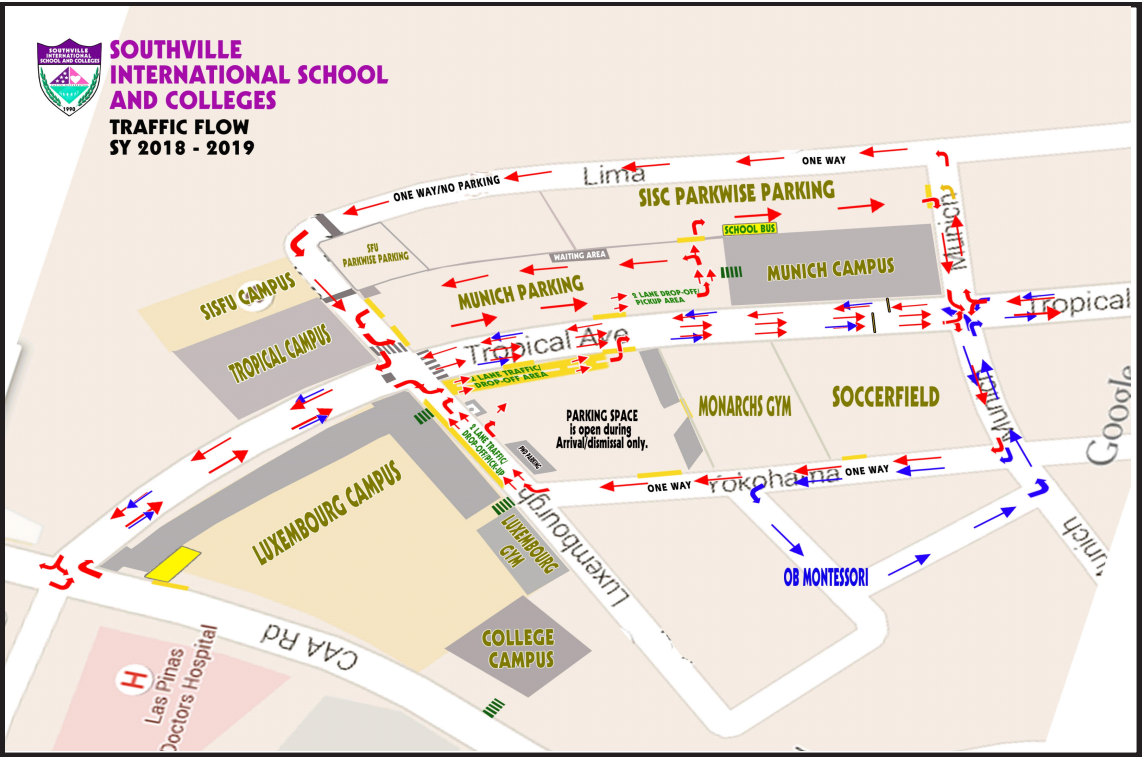

- NO PARKING ALONG TROPICAL AVE., CAA ROAD, MUNICH ST., AND THE LEGACY. These are tow-away zones. The school shall not be liable for any towed vehicles parked in the towing zone area.
- Follow designated entrance and exit lanes.
- The inner lane is only for vehicles whose passengers are already waiting at the gate. Drivers whose wards are not yet at the gate, should never stall the traffic by staying more than a minute in the inner lane. Drivers should move on and come back when their wards are waiting at the gate.

- The outer lane should be kept open all the time for vehicles moving out.

B. Traffic Guidelines for STAR Campus

- NO PARKING ALONG ELIZALDE STREET. This is a tow-away zone. The school shall not be liable for any towed vehicles parked in the towing zone area.
- Vehicles coming from the Concha Cruz area are not allowed to do a U-Turn in Elizalde St. Instead, they should proceed to Aguirre St., make a U-Turn there, then turn right towards Elizalde Campus.
- U-Turn should be made after Batac St.

Thank you for your support and for modelling discipline to our students.

Guidelines on Suspension of Classes

With the typhoon season upon us, here are the guidelines that SISC adheres to:

1. Pre-announced Suspension

Typhoon Signal	No Classes
Signal # 1	Preschool
Signal # 2	Preschool, Grade School, High School & IB 1-2
Signal # 3	Preschool, Grade School, High School, IB 1-2 & College

Depending on signal numbers declared at 10:00 p.m. and 4:30 a.m. of the following day, classes in determined levels for the whole day are deemed automatically cancelled/ suspended.

2. Midday Suspension of Classes

Afternoon classes in the appropriate levels in areas with signal numbers declared at 11:00 a.m. that day are likewise automatically cancelled/ suspended. The staggered dismissal below will be followed:

Levels	Schedule
Preschool to Grade 2	11:30 AM
Grades 3 - 6	12:00 NN
Grades 6 - 9	12:30 PM
Grades 10 - 12	1:00 PM

Those with siblings may join the dismissal of their youngest sibling.

3. Suspension from Local Government

In the absence of typhoon signal warnings from PAGASA, localized cancellation/ suspension of classes is implemented by local chief executives in their capacity as chairpersons of the Local Disaster Risk Reduction and Management Council. SISC follows this announcement (Parañaque for STAR Campus; Las Piñas for Munich, Luxembourg, and Tropical campuses) for the general safety of the students under our care.

Go E-Bulletin

The weekly Students and Parents’ Bulletin (SPB) keeps students and parents up to date with information, achievements and current events in school, and is actually given in hard copy to be taken home to parents by the students. To make its distribution more environmental friendly and efficient, parents are enjoined to avail of the e-bulletin. If you wish to get the bulletin online, please check the Reply Slip at the bottom of this page.
