Monarchs win in int'l and nat'l math and science contests

Southville International School and Colleges (SISC) mathletes won in various math competitions held here and abroad. Ervin Joshua Bautista of Gr. 6 - Perseverance bagged a gold medal in the Autumn Round of the VI International Tournament Mathematics without Borders featuring 21,126 contestants from 20 countries.

Kristner Sheyn S. Saludo of Gr. 5 - Loyalty, on the other hand, earned a Bronze Medal in the 2018 Asian Science and Mathematics Olympiad held in Universiti Malaysia Sabah in Kota Kinabalu, Sabah, Malaysia last November 2-5, 2018.

Bautista and Saludo then teamed up with Deeyon Rouché Tolentino of Gr. 6 - Perseverance to place third out of the 50 schools who competed in Sipnayan 2018, one of the most prestigious math competitions in the country organized by the Ateneo Mathematics Society.

Math whizzes (from left) Deeyon Tolentino, Kristner Saludo and Ervin Bautista show the trophy they won.

POUCH beneficiaries face better future through your benevolence

For more than two decades now, Southville International School and Colleges' Save a P.O.U.C.H. (Poor Urban Child) Program has been sponsoring the school needs of hundreds of needy school children. With the support of our students and parents, the Save a P.O.U.C.H. has quietly and consistently helped these impoverished children through its medical and dental assistance, and scholarship programs. The program is also the school's way of developing social responsibility among its students.

Now on its 26th year, Save a P.O.U.C.H. is sponsoring school children from BF Learning Center, Masville Elementary School, C.A.A. Elementary School, C.A.A. Day Care Center, and Daniel Fajardo Elementary School. We are targeting a total of 350 P.O.U.C.H. beneficiaries. Listed below are the services of Save A P.O.U.C.H.:

- Uniform Allowance
- Monthly Allotment for Educational Supplies
- Annual Payment of Miscellaneous Fees
- Annual Operation Paglingap/Christmas Gift-giving and Interaction with Sponsors
- Interaction between P.O.U.C.H. beneficiaries and SISC students during International Week and Christmas Program
- Medical and Dental Mission

Once again, we are inviting you to reach out to the destitute children in our community. Sponsor a child or a group of children. You share only P150.00 per month or P1,500.00 a year distributed to P30.00 in weekly food allowance, P10.00 in monthly miscellaneous school expenses, and P20.00 in monthly educational supplies per child.

Think of the lives you can save from the streets. Think of the children who can stay in school because of your generous support. There is no satisfaction compared to knowing you have helped needy school children. You will discover that this sharing has its own returns and special blessings. The poor have an unspoken plea for help. Be A Sponsor Now!

Teaching time management

Time management skills can better your child's chances of success in school and later on in life. Here are some tips to help get your kids on the right track:

1. **Put time on their side.** While your kids probably know how to tell time, they may not understand why it's important. Help them to develop a greater awareness of time by buying a watch and teaching them how to gauge the amount of time needed to complete routine tasks.
2. **Teach kids to plan.** Post a checklist including what your children need to do, and what time to do it so everyone is accountable to get things done on schedule. (<http://www.sandiegofamily.com/parenting/10-tips-to-teach-your-kids-time-management>)
