

You are receiving this email because your child is currently enrolled in SISC Basic Ed Division.

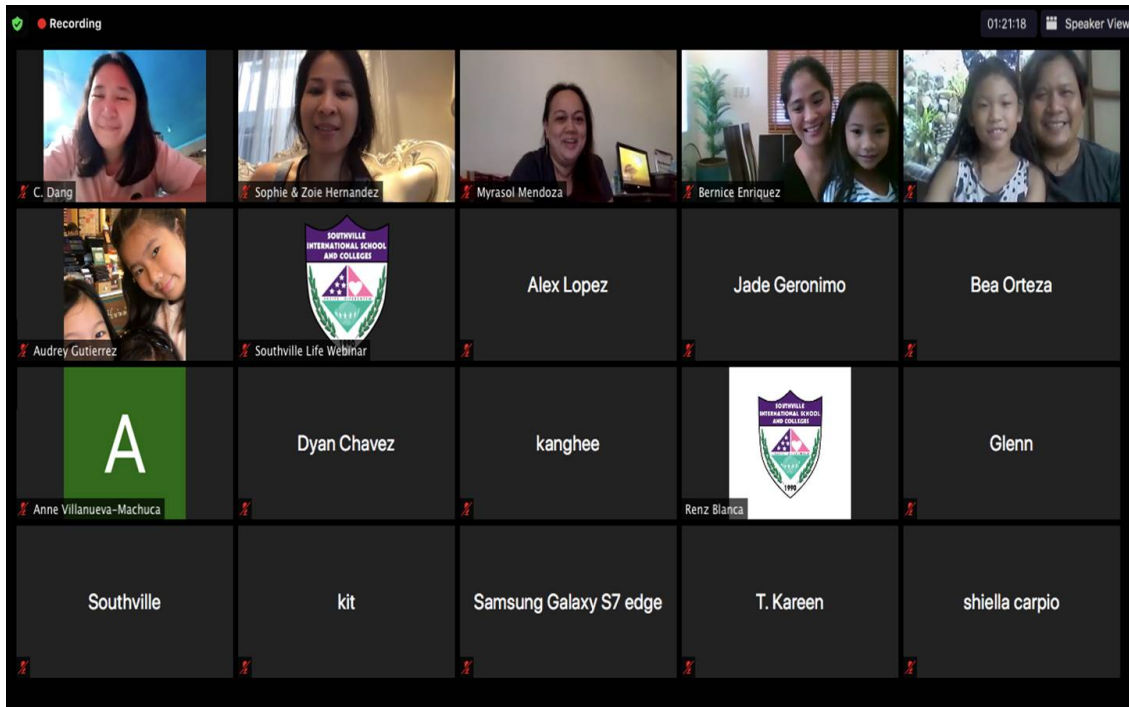

ECED supports youngest learners in time of pandemic

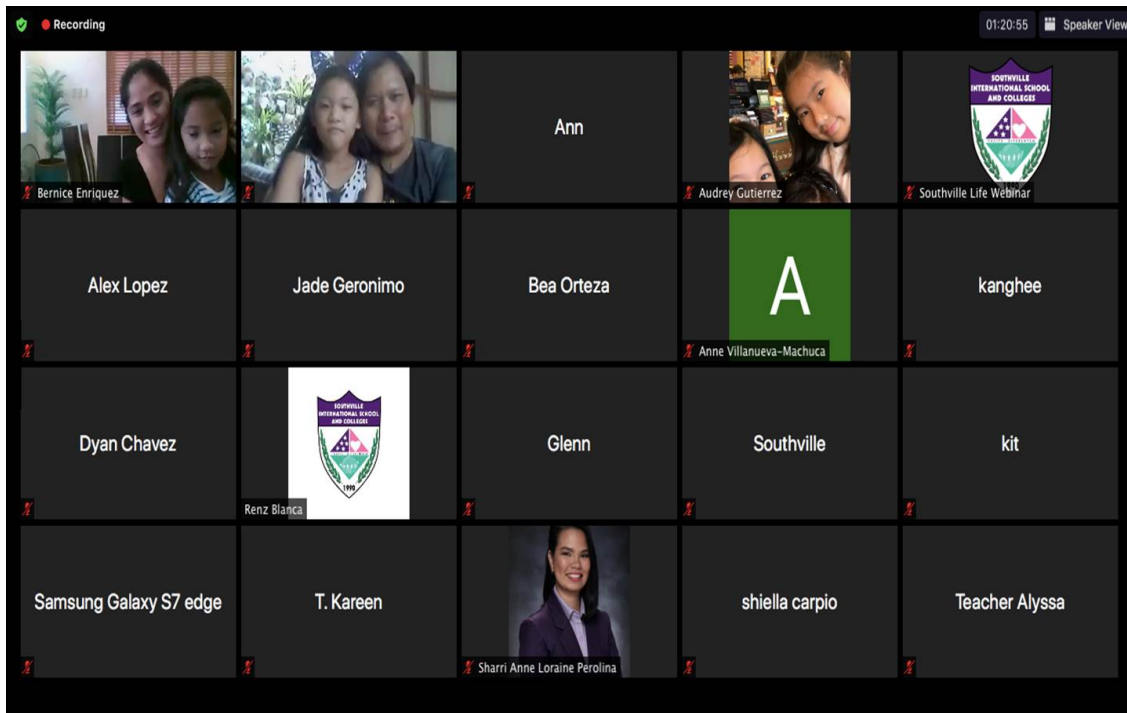

The preschool years are critical years for getting young children's education off to the best possible start. The brain matures faster and is the most malleable during a child's early years, and needs all the stimulation and learning opportunities it can get for long-term benefits in school and in life.

Knowing how important access to quality early learning is and retaining foundational knowledge and skills in reading, math and language in spite of the pandemic, Southville International School and Colleges' (SISC) Early Childhood Education Division has put in place an innovative educational online solution for Preschool – Grade 2 students for academic year 2020-2021. They can continue with their lessons in a safe learning environment with authentic learning activities when attending school is not possible.

Parents who have children attending early childhood education in SISC are encouraged to view the plans for distance learning, schedule, responsibilities of students, teachers and parents, and other important information on what a return to school will look like.

Announcement from SISC Stuff Shop

We are happy to inform you that your children's books for AY 2020-2021 are now available at the Stuff Shop. However, the delivery of GO MATH books has been delayed due to the pandemic. The supplier promised to deliver the said book on or before the first week of September 2020. We will let you know once this book is already available.

Meanwhile, a photocopy of the GO MATH book pages that will be used during the first three weeks of classes will be provided in lieu of the books that will be coming in late.

We appreciate your kind understanding about this matter.

Institutional Survey leads to improvement

SISC is a firm believer that educating a child is a collaborative effort between the home and the school. Just like you, SISC wants what is best for your child in terms of growing in knowledge and in values. We value parent comments and suggestions that improve the learning experiences of a child.

It is in view of our shared goal that SISC is conducting the Institutional Survey for parents. Please answer the Institutional Survey Form for Parents linked to this bulletin so the school will know how it is doing and what more it can do to help your children achieve their potentials and become movers of society. Together, we can make a difference.

Please click on the campus your child belongs to.
