# READING FOR ENJOYMENT BEGINS

SISC students and teachers took time out last October 8, 2020 to immerse themselves in reading during the first Uninterrupted Sustained Silent Reading (U.S.S.R.) session for academic year 2020-2021. School work was put down and everyone was encouraged to pick up a favourite fiction or nonfiction book to read for 20 minutes. For almost three decades now, this institutional activity makes time to enjoy independent, quiet reading and spread the joy of reading for pleasure.

The school took the initiative to conduct U.S.S.R. time virtually this year to give students the opportunity to read what they want to read and develop a love of reading. Traditional printed books were preferred as there's nothing like holding a book, smelling the paper, and flipping through the pages for an enjoyable reading experience.

# SISC HELPS PUBLIC SCHOOL PREPARE FOR OPENING

As public schools open for academic year 2020-2021, Daniel Fajardo Elementary School (DFES) expressed gratitude to SISC for continuing to extend help to its Las Piñas City campus through the “Brigada Eskwela” program. The annual “Brigada Eskwela” was institutionalized by the Department of Education to bring together all education stakeholders so they can contribute time, effort, and resources in preparing public school facilities in time for the opening of classes. SISC donated equipment and materials to DFES to help them prepare for the new remote-based mode of education, and strengthen their capacity to provide self-learning modules as part of the new normal.
