Institutional Survey leads to improvement

SISC is a firm believer that educating a child is a collaborative effort between the home and the school. Just like you, SISC wants what is best for your child in terms of growing in knowledge and in values. We value parent comments and suggestions that improve the learning experiences of a child.

It is in view of our shared goal that SISC is conducting the Institutional Survey for parents. Please answer the Institutional Survey Form for Parents and students linked to this bulletin so the school will know how it is doing and what more it can do to help your children achieve their potentials and become movers of society. Together, we can make a difference.
