SISC launches virtual stock trading competition for SHS students

Southville International School and Colleges (SISC) has launched the tenth season of its Stock Market Challenge for Senior High School students. The participants compete by researching stocks in the Philippine capital markets and building the best-performing portfolio. It will be the first held during the time of COVID using the platform of COL Financial, the leading online stock brokerage firm in the country.

In his motivational remarks, COL Financial Group, Inc.'s Vice President Juanis Barredo gave the Grades 11 – 12 contestants some sage advice on how to make smart decisions with their money. He emphasized the importance of setting short-term, mid-term and long-term financial goals, doing their due diligence before buying a company's stocks, and developing a thoughtful and systematic plan of action and sticking with it.

“Try not to get scared during crisis moments. Use it and take advantage of it when it comes. The stock market might not recover right away, but its ability to recover will always be there,” Barredo said.

This year's Stock Market Challenge is conducted virtually with SISC students testing their knowledge and skills against other Southville Global Education Network (SGEN) students. They apply the investment concepts they learnt in the classroom to choose stocks in real-time, and trade shares first-hand. They gain invaluable practice in making financial decisions and taking control of their investments to develop into the next generation of capable investors.

Skills Checklist email sent

The school provides parents and guardians with the subject area's Skills Checklist for them to monitor their children or wards' academic standing and progress within the term. The Skills Checklists for the Second Term of Academic Year 2020 - 2021 was released this week via email. Parents or guardians of students and wards who are not meeting standards must get in touch with the teacher so that the deficient areas could be addressed as early as possible. In case you haven't received a Skills Checklist, please contact your child's class adviser to get a copy.

SISC hosts free parent webinar on VOLT

SISC has created a series of webinars to support student success in a fully remote teaching and learning environment during the unprecedented closure of all its campuses. On January 30, 2021 at 10:00 a.m., all parents and guardians are invited to a free webinar on the school's Virtual Online Learning & Teaching (VOLT) Program to learn what your child's virtual school experience is like.

Hear from the school's administrators and teachers how they engage with students, how they use e-learning tools in class, and how they incorporate active learning opportunities into their distance learning plans. Gain specific insights and strategies on how you can support your children during this incredibly challenging time and how to guide them in making thoughtful and responsible decisions when using technology.

You can join the webinar by clicking the link below:
