Mathlete bags medals at int'l science and math competitions

Ervin Joshua Bautista

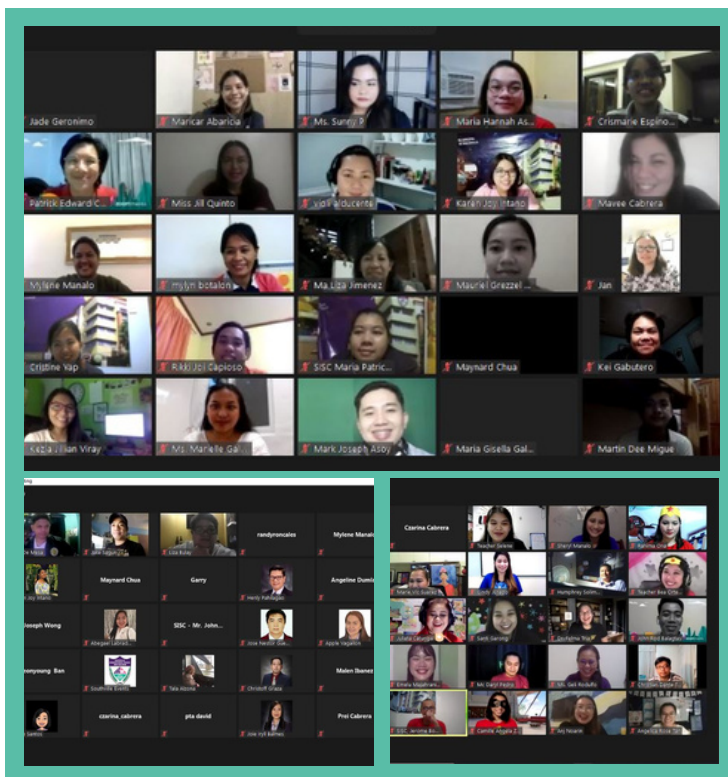

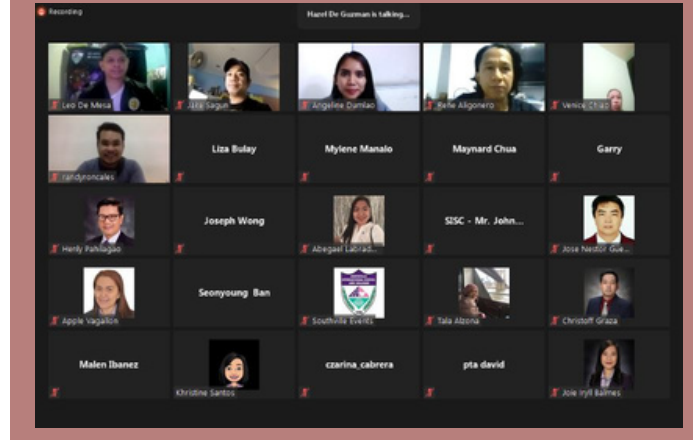

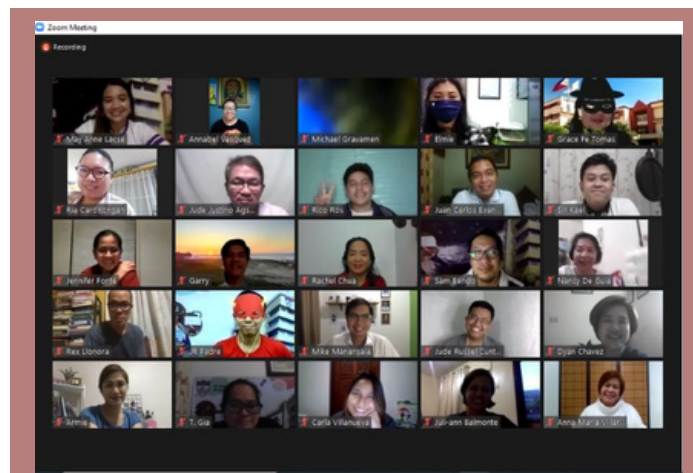

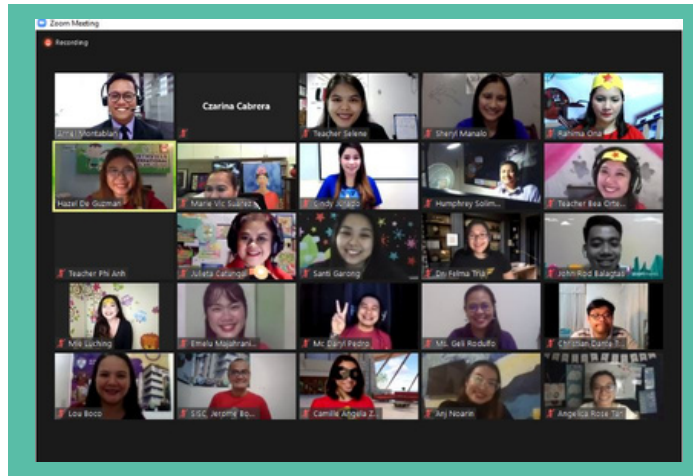

A high school student from Southville International School and Colleges (SISC) continued his winning streak by bagging medals in international math and science contests. Joshua Bautista of Gr. 8 – Integrity won a gold medal in math and a bronze medal in science in the preliminary round of the online Asian Science and Math Olympiad (ASMO) 2020.

Bautista got the gold for placing in the top 5% of all takers in his level, and the bronze for belonging in the top 15%. He advances to the National Round of the competition on November 28, 2020 with other medallists from the ten participating Asian countries.

Virtual celebrations highlight Teachers' Day

Preschool to High School students took the e-way to express their gratitude to their teachers during the celebration of Teachers' Day this year. Over the past two months, SISC students have become tech-savvy and used every bit of that technology to surprise their teachers with virtual greetings, and song and dance numbers. Some were even joined by family members in their performances as they appreciate the dedication and hard work of their children's teachers more than ever.

The school administration likewise did not let the pandemic stop them from honoring the teachers by holding a webinar on Beating Burnout Among Educators last October 21, 2020 hosted by SISC alumna and celebrity Jodi Sta. Maria and Dr. Tito Almadin. It's a way to help them adapt to the new challenges of fully digital teaching while leaving no student behind. There has never been a greater time to celebrate SISC teachers than this year.

Improve your child's online learning experience by answering the parent survey

Parent involvement has always improved student outcomes. As the school transitions to online learning, we value and appreciate your input so your child keeps progressing in his/her studies. We would like to ask you to fill out the Survey for Remote Learners to know how your family is doing with distance learning, and identify areas of improvement to support you and your child better. Please click the button below to access the survey:

Schedule of First Term Exams and Mid-Year Break set

SISC will be conducting its First Term Assessments from October 26 – 28, 2020 using Exam.net. Exam.net is a secure online platform that allows students to take e-exams using their own digital devices. Prior to the First Term Assessments, SISC students already took a practice test so they are accustomed to the testing platform.

The Mid-Year Break of students is from October 29 - November 10, 2020.

Online classes in Preschool - High School will resume on November 11, 2020.
