SISC students get expert perspectives on Russia-Ukraine crisis

Southville International School and Colleges (SISC) organized a town hall forum on the Russia - Ukraine Crisis last March 2, 2022 to advance student knowledge about the situation. Mr. André Peter C. Estanislao of the Department of Foreign Affairs spoke to High School and International Baccalaureate students over Zoom to share his thoughts and analyses on the ongoing war between the neighboring countries.

In his talk, Estanislao tackled the current conflict through an analytical and geopolitical perspective, going through an in-depth discussion of the policies and events that led to the ongoing crisis. He also presented the official views of the Department of Foreign Affairs and the Department of National Defense through a discussion of their official statements released to the public.

The participants were grateful for the opportunity to connect and engage around a conflict halfway across the world but felt so close to home. The forum provided answers and placed in context everything about the current turmoil amidst the barrage of information and misinformation found on social media and in the news. It was an education for the next generation of leaders and movers of society to build a more peaceful future.

IB students promote gender equality through the arts

After last year's successful virtual visual art exhibition, and with COVID-19 restrictions continuing this year, International Baccalaureate students are showcasing again their artistic talents with the SISC community online. #EQUALITYIB uses a variety of media to produce compelling work that communicates the students' ideas on gender equality.

The art exhibit features illustrations, poetry, infographics and songs expressing the existence of gender discrimination, and promoting a world of equity and respect. It hopes to start conversations on a social issue that is vital both to the school and to the community. To visit the student art exhibition, click:

Social-Emotional Learning (SEL) Corner

#SELday

"Finding Common Ground, Pursuing Common Good"
INTERNATIONAL SEL DAY
March 11, 2022

OTHERS ARE UNIQUE AND
IT'S IMPORTANT TO
LEARN MORE ABOUT OTHERS

O: offer your
ideas and listen to
others

K: keep an open
mind and learn
from others

1. SEL boosts academic performance and deepens engagement with content.
It is not a distraction from academics.
2. SEL builds relationships and skills that promote healthy well-being.
It is not therapy.
3. SEL helps students understand different perspectives and share ideas.
It is not a way to teach students a specific political agenda.
4. SEL is shaped by local priorities set by schools, families, and communities.
It is not one-size fits all.

WE'RE ALL DIFFERENT AND THAT'S O.K.

Safety Tips for Returning to Campus during Pandemic

How to Stay Safe When Going Back to School

- **Get vaccinated.**

It is recommended that anyone age 5 years and older get a COVID-19 vaccine to help protect against the virus. The benefits of COVID-19 vaccination outweigh the known and potential risks.

- **Know your COVID-19 community level.**

COVID-19 community levels can help community members decide what prevention steps to take based on the latest data.

- **Maintain physical distance.**

Keep a distance of at least 1m from one another and avoid spending time with groups in crowded places.

- **Wash hands properly.**

Hand washing with soap destroys the outer membrane of the virus and thereby inactivates it.

- **Wear a facemask.**

Wearing a well-fitted mask helps protect the wearer and others from getting the COVID-19 virus.

Research has shown that the Pfizer-BioNTech COVID-19 vaccine is 100% effective in protecting children, 12 to 15 years old, from the COVID-19 virus. For children ages 5 through 11, the vaccine is about 91% effective. The vaccine is also 91% effective in preventing severe illnesses from COVID-19 for people ages 16 and older.

STOP COVID-19

Share a Southville experience

SHARE A SOUTHVILLE EXPERIENCE

BE AMAZING.
BE SOUTHVILLE.
www.southville.edu.ph

*"My daughter Adrianna and I spent the first year of the pandemic **working and studying** at home **together**. It felt like she grew up so fast even if she's locked down in our house doing her studies and homework. And as a parent, I was given an opportunity to watch my child blossom in her studies having done school work at home as I work too. Now, Adrianna successfully moves up to Grade 2, still as excited to do the Southville Virtual Online Learning and Teaching (VOLT) Program again."*

For the Academic Year 2021-2022, we are launching our Share a Southville Experience to students and parents who have friends, relatives, and family members who wish to join the Southville Community. Share with us their names and contact information through the Share the Southville Experience Form, and we will

reach out to them to explain the Southville programs. We will also acknowledge you through a token of Gratitude for sharing your pride in the Southville experience. For any inquiries about the program, please contact Elyds Reyes or Gerlie Montellano of our Public Relations Team via pr@southville.edu.ph.

Please acknowledge that you received the e-bulletin. Acknowledgment of this email won't require you to submit reply slips. Kindly click the link below:
