**Monarchs win in global contests**

A junior high school student from Southville International School and Colleges (SISC) took a bronze medal in the 8th Iranian Geometry Olympiad. Ervin Joshua Bautista of Gr. 9 - Compassion achieved the high ranking competing in the intermediate (Grades 9 and 10) level that required participants from over 50 countries to compete virtually.

Raesah Anika M. Dimakuta of Grade 5 - Trustworthiness, on the other hand, also bagged a bronze medal in the heat round of the Hong Kong International Science Olympiad. She finished in the upper percentile of her group composed of contestants from Australia, Cambodia, Hong Kong, Kyrgyzstan, Myanmar, the Philippines, Singapore, Sri Lanka, Thailand and Vietnam to get the award.

# Students embrace online PASS defense

Grades 6 & 12 students from SISC aren't going to let a global pandemic stop them from fulfilling their graduation requirements and getting their diploma. The first cohort of graduating students did the oral defense of their Portfolio Assessment of Southville Students (PASS) research paper via the Google Meet video conferencing platform. SISC has arranged a process for students to conduct their thesis defense online while still following the high standards in evaluating the papers.

The format of the defense was just as it would be in person except for sharing the screen to display the slideshow, keeping the microphone muted and doing a virtual "hand raise" to ask a question. The students noted how less nervous they were defending from their bedroom or living room, and appreciated how family members and friends from other parts of the world could suddenly watch their defenses online. Their loved ones who would otherwise have totally missed the event were able to share in this big, momentous day in their lives.

# SISC undergoes internal quality audit

SISC stepped up its efforts to assure the quality of the learning opportunities provided to its students by undergoing an ISO Internal Quality Audit (IQA). The audit ensured that the school is in line with ISO 9001 which is the international standard for a quality management system. The standard is used to establish confidence in the quality of learning and teaching provided by SISC, and to demonstrate continuous improvement.

ISO-trained IQA auditors from the school assessed thoroughly all aspects of SISC's operation: curriculum, teaching, academic management, administration, finance, safety and security, public relations, feedback and complaint procedures, etc. The auditees then received feedback including points of excellence, recommendations, and requirements which must be implemented within a set time frame.

# **Re-enrollment Letter for Academic Year 2022 - 2023**

Dear Parents/Guardians of Preschool to Grade 12,

Warm greetings!

A new year has started and we would like to thank you for your trust and strong support for Southville International School and Colleges (SISC). Despite the challenges brought by the pandemic, we all have emerged victorious. This is very evident with the winnings of our students both locally and internationally, and the institutional recognition given by the Asian Pacific Quality Organization granting the school the Global Performance Excellence Award and citing the Virtual Online Learning and Teaching (VOLT) as an international platinum best practice.

As part of our efficient resource management for the new academic year, we would like to make a realistic projection of the student population for Academic Year 2022-2023. To achieve this, we need to determine how many of our present students are re-enrolling and how many of their siblings are enrolling as new students. For new students, we give priority to the siblings of our old students. Through this, we can allocate slots for new student applicants who are qualified for admission and are already waitlisted for enrollment.

This is also to inform you of the mode of learning for Academic Year 2022-2023.

Mode of Learning	Schedule	Set-Up
Virtual Online Learning and Teaching or VOLT	1st to 3rd Terms	Combination of synchronous and asynchronous online classes; Same set up as this AY
Blended Learning/ HyVolt	1st to 3rd Terms As long as face-to-face classes are permitted by the government	Partial Face-to-Face or HyVOLT and partial VOLT
Innove	1st to 3rd Terms	Combination of synchronous and asynchronous online classes; Same set up as this AY
FLEX	1st to 3rd terms	Pure asynchronous with once a week consultation

In this regard, kindly fill out this online early-enrollment reservation form and send it to this email address as soon as possible.

Preschool, Grade School and High School students who have fully paid their accounts, have no academic deficiency, and have no discipline issues can already reserve a slot for academic year 2022-2023:
