STUDENTS AND PARENTS' BULLETIN

October 6, 2023 - SPB #6 A.Y. 2023 - 2024

MESSAGE FROM THE PRINCIPAL ON WORLD TEACHERS' DAY

Before assuming the role of a principal, I spent over two decades as a teacher. I understand the challenges and rewards of the teaching profession. Those sleepless nights spent meticulously preparing lessons, the never-ending to-do lists that include reminding students of their projects, carefully evaluating their papers, assessing their progress, and tirelessly seeking ways to bridge learning gaps and ensure a rigorous and engaging classroom – these are just a few facets of a teacher's multifaceted role. To say that teaching is a noble profession is an understatement; it is, without a doubt, the noblest of all professions.

Today, as we unite to celebrate World Teachers' Day, my heartfelt wish for each Southville International School and Colleges' (SISC) teacher is to rediscover the profound joy that lies at the core of our profession. The intangible rewards we reap from being in the presence of our students daily are immeasurable. Knowing that we hold a pivotal role in their lives as their primary supporters, guides, cheerleaders, and mentors is, in itself, invaluable.

As we persistently work towards our overarching goal of enhancing student achievement, let us not overlook the importance of self-care. Remember, taking care of ourselves is not a selfish act but rather a necessary one to continue serving our students effectively. Additionally, let us extend our care and support to one another, for we are a community of educators who thrive when we collaborate and uplift each other.

So, on this World Teachers' Day, may you rediscover the immense pride and purpose that comes with being an educator. May you find joy in every moment spent with your students, knowing that you are shaping not just their academic future but also their character and values. You are making an indelible mark on the world, and for that, you should be incredibly proud.

SCHOOL ORGANIZES BLOOD DRIVE

SISC, in partnership with the Philippine Red Cross (PRC), hosted a blood donation drive with the theme "A Gift of Blood is a Gift of Life" last September 28, 2023 at Luxembourg Hall. More than 80 students, parents, teachers, and staff rolled up their sleeves and donated various blood types to help save lives.

Those who donated got a blood donor's card from the PRC that not only serves as a record of donation, but also gives priority to the donor when he or she is in need of blood. The event was coordinated by the SISC Red Cross Youth, College of Nursing, Medical Team, and Southville for Others.

Southville has had a huge impact on who I am today. It was here that my passion for creating and my love for the performing arts were nurtured and refined. My teachers were exceptional. They were supportive, kind and guided each one of us; we were just like one big family. I am fortunate to have attended a school that not only recognizes the unique talents of each student but also provides a platform for them to express themselves. I take great pride in being a Southville alumni. ”
