Radiant moments at the World Scholar's Cup – Manila Round 2023! 🌟 SISC High School students illuminate the stage, securing an outstanding 74 medals and making an indelible mark. 🎉🌟

Shop at the Senior High School - ABM Bazaar

The Grades 11 & 12 Accountancy, Business and Management (ABM) students will hold their Bazaar on December 12, 2023, 8:30 am - 3:00 pm, at Luxembourg Hall. The activity is an integral part of the SISC business curriculum which provides students with the opportunity to apply the knowledge and skills learned in the classroom on running a business, and become “their own boss.” It is a major requirement in the business subjects, credited as the students’ authentic assessment grade.

Prior to the event, the students created an original business concept, developed a business plan, and prepared a detailed plan of tasks to be done at the bazaar. The students took responsibility for all aspects of their business including purchasing, production, setup, pricing, and promotion. After the event, the students will write a reflective final report analyzing what they have learned during the project.

Beat the Christmas rush and do your holiday shopping at the ABM Bazaar with family and friends while supporting our country’s future entrepreneurs at the same time! The bazaar is open to the general public.

SISC is Victorious as Sole Philippine Qualifier in ASEAN Smart School IoT Hackathon 2023!

The Southville International School and Colleges (SISC) has yet again proven its mettle on the international stage by securing an exclusive position as the sole Philippine representative in the highly competitive ASEAN Smart School IoT Hackathon 2023.

Amidst fierce competition from across the ASEAN region, SISC's talented team showcased unparalleled innovation, expertise, and dedication, securing their spot in this prestigious event. Their exceptional performance not only highlights their technical prowess but also underscores the institution's commitment to nurturing forward-thinking and tech-savvy individuals.

The ASEAN Smart School IoT Hackathon is a platform that challenges the brightest minds in the region to devise innovative solutions using the Internet of Things (IoT) technology for the advancement of education. SISC's participation and subsequent qualification stand as a testament to their unwavering dedication to harnessing technology for transformative educational purposes.

The achievement reflects SISC's relentless pursuit of excellence in both academics and technological innovation. Their success serves as an inspiration, not just within the school community but across the nation, showcasing the Philippines' potential on a global technological platform.

The entire SISC community extends its heartfelt congratulations to the brilliant minds behind this outstanding accomplishment. Their achievement is a testament to the school's commitment to nurturing holistic development and cultivating a culture of innovation and resilience.

As SISC gears up to represent the Philippines on the ASEAN stage, they stand as a beacon of ingenuity and determination, ready to showcase their innovation prowess on an international platform. Kudos to the remarkable team from SISC for their exceptional achievement in the ASEAN Smart School IoT Hackathon 2023!

Institutional survey leads to improvement

SISC is a firm believer that educating a child is a collaborative effort between the home and the school. Just like you, SISC wants what is best for your child in terms of growing in knowledge and in values. We value parents' comments and suggestions that improve the learning experiences of a child.

It is in view of our shared goal that SISC is conducting the Institutional Survey for parents and students. Please answer the Institutional Survey Form for Parents and Students linked to this bulletin so the school will know how it is doing and what more it can do to help your children achieve their potentials and become movers of society. Together, we can make a difference.

High School Department

“8th graders immersed in self-discovery at Gratchi's Farm Tagaytay during the Comprehensive Growth Series, delving into the theme of 'Developing Grit and Embracing Challenges on the Journey to Our Dreams' on November 28-29, 2023. Amidst breathtaking scenery, students not only reflected on personal growth but forged lasting bonds, fostering a sense of camaraderie that will fuel their collective pursuit of dreams. An event of introspection, resilience, and strengthened connections, laying the foundation for their future endeavors.”

Stars, Hearts and Laurels: Alumni Achievers Spotlight:

Welcome to our "Alumni Achievers Spotlight" - a dedicated corner where we celebrate the remarkable accomplishments of our former students. Our alumni have gone on to achieve great success in various fields, serving as a source of inspiration for current students and parents alike. In this space, we will share their inspiring stories, achievements, and the valuable lessons they've learned on their journey from our school to their dreams. Join us in celebrating the excellence of our alumni and discover the limitless possibilities that await our current students.

Congratulations to our IB Diploma Programme Alumna Gabriel Manio for graduating with flying colors and thank you for your words of affirmation. Your K-12 family is proud of you.

HOW TO PREPARE YOUR CHILD FOR A HOLIDAY EVENT

✦ Talk About What to Expect

"Hey sweetie, let's talk about what to expect at Grandma's house tonight so you'll be prepared. All the different members of our family will be there, so it might feel busy and loud."

"Grandma may offer you that food that isn't your favorite. It's ok to say 'no,' but let's practice saying it in a way that's polite and kind. Do you have any ideas of what you can say?"

✦ Let Your Child Ask Questions and Share Concerns

"Is there anything else that you feel unsure about or want to talk through?"

"Ok, I hear you. You're worried that you might feel overwhelmed and need a break, or might forget what to do. I can help you with that."

✦ Create a Game Plan

"How can I support you? Do you want me to come check on you throughout the evening to make sure everything is going ok? Or maybe come up with a special way to let me know that you need to take a break?"

Loud family gatherings with new, unfamiliar food and extra stimuli can sometimes cause sensory overload and throw our kids into fight or flight mode. They may need extra care and tools to feel supported during these times.
