

RE-ENROLLMENT LETTER

ACADEMIC YEAR 2024 – 2025

Special Bulletin

April 26, 2024

Dear Parents/Guardians of Preschool to Grade 11/IB 1 students,

Warm greetings!

It is with great joy that I am writing this letter to you.

As we near the end of the Academic Year 2023-2024, it's a moment to celebrate the remarkable achievements of our students and alumni at Southville International School and Colleges.

In 2022, many Filipino students dream of getting into the number one university in the world but only **Gwyn Tangog** made it to Massachusetts Institute of Technology (MIT) Admission for Academic Year 2022-2023. She is the first Southville International School and Colleges (SISC) student accepted into one of the most selective schools in the world. MIT has a total acceptance rate of 4% and an acceptance rate of 1% for international students.

On a different note, as part of efficient resource management, we would like to make a realistic projection of the student population for A.Y. 2024-2025. To achieve this, we need to determine how many of our present students are re-enrolling and how many of their siblings are enrolling as new students. For new students, we give priority to the siblings of our currently enrolled students. Through this, we can allocate slots for new student applicants who are qualified for admission and are already waitlisted for enrollment.

This is also to inform you the mode of learning for Academic Year 2024-2025:

Mode of Learning	Set-Up	Campus
Full Face to Face	Onsite classes 5 days a week	PS to Grade 4- STAR/Elizalde Campus (Should all Grade 4 students express interest in re-enrolling at the STAR Campus, we will open a Grade 5 class at that location). PS to Grade 6- Munich Campus Grade 7-12- Luxembourg Campus IB 1 and 2- Tropical Campus
Virtual Online Learning and Teaching or VOLT	Virtual online and interactive classes 5 days a week (offered only to PS to Grade 10) Note: We offer Virtual Online Learning and Teaching or VOLT classes five days a week, exclusively available for students from Senior Kinder to Grade 10. In the event that there are at least 10 students enrolled in the VOLT program for a particular grade level, we can establish a dedicated section for VOLT. Alternatively, if the number of students is fewer than 10, they will participate in face-to-face classes via online streaming. Additionally, for our current Grade 10 SISC students in VOLT, they have the option to join VOLT via live streaming in Grade 11.	NA
INNOVE	Combination of Face to Face, VOLT, asynchronous classes (flexible schedule)	Grade School- Munich Campus HS- Luxembourg Campus
Flex	100% online, asynchronous with once a week virtual consultation	NA
