STARS, HEARTS, AND LAURELS: ALUMNI ACHIEVERS SPOTLIGHT

Welcome to our "Alumni Achievers Spotlight" – a dedicated corner where we celebrate the remarkable accomplishments of our former students. Our alumni have gone on to achieve great success in various fields, serving as a source of inspiration for current students and parents alike. In this space, we will share their inspiring stories, achievements, and the valuable lessons they've learned on their journey from our school to their dreams. Join us in celebrating the excellence of our alumni and discover the limitless possibilities that await our current students.

SISC was more than just a school to me, it was a launchpad.

Although I was only at Southville International School and Colleges for two years, those years became a turning point in my life. SISC welcomed me during a time of transition and gave me more than just academic guidance, it gave me a sense of belonging, the courage to dream bigger, and the support to pursue those dreams beyond borders. SISC's international culture and supportive community helped me prepare not just for the technical demands of aviation, but also for the emotional strength needed to study and train far from home. With that foundation, I continued my journey in Canada, where I earned my wings as a pilot, received a Women in Aviation International Scholarship Award, and had my story featured in CBC News. Flying has always been my dream and SISC helped me believe that I could actually live it. Looking back, I know that SISC was more than just a school to me, it was a launchpad. It gave me the confidence to chase my passion, the tools to thrive in an international setting, and the courage to rise above every challenge. For all of that and so much more, I will endlessly be grateful for Southville.
