These remarkable students stood out among the nation's brightest young minds:

- Zhangryl Therese Macaraeg (Bronze Award)

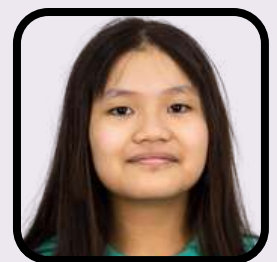

Science Category

Adding to Southville's growing list of triumphs, **Zyanna Zofia Lapitan** of Grade 6 Courage also earned a **Bronze Award** in the **2025 International Equilibrium Science Olympiad (IESO)**.

Each award reflects not only subject mastery but also the Monarch spirit of discipline, curiosity, and global excellence. These achievements affirm Southville's unwavering commitment to nurturing young thinkers who explore beyond boundaries and strive to create meaningful impact through knowledge and innovation.

Congratulations to our outstanding Monarchs for making Southville proud and for showing that with grit and passion, excellence truly knows no limits!

COLLEN SIEGEL LEADS BATANG PINOY U15 TEAM TO BACK-TO-BACK NATIONAL CHAMPIONSHIP VICTORY

Young Monarch Collen (Grade 8) continues to make her mark in the world of football as she helped lead her **Batang Pinoy U15 team** to a back-to-back National Championship title, clinching a 1–0 victory in a thrilling final match. With just seven minutes left on the clock, Collen scored the decisive goal that sealed the championship—an incredible repeat of last year's victory, where she netted both goals in a 2–1 win against the same team from San Carlos.

This year's tournament brought together 34 highly competitive teams from across the country, with every match in the quarterfinals and semifinals proving to be intense and closely fought. Despite being one of the youngest players in the tournament, Collen stood out not only for her scoring prowess but also for her stellar defense—successfully shutting down the tournament's top scorer in the finals.

Her performance caught the attention of the media, earning her an interview after the championship match—an unforgettable experience that highlighted both her talent and composure under pressure.

Although her team faced tough challenges earlier in Singapore, Collen's determination and fighting spirit shone brightly in the national arena. Her back-to-back championship victory is a testament to her skill, grit, and passion for the game—qualities that make her a true Monarch achiever.

While it is unfortunate that there are currently limited futsal opportunities for young players like Collen in the Philippines, her recent triumph serves as an inspiring reminder of what talent and perseverance can achieve.

Southville has helped shape me into a more resilient and focused student.

Southville has helped shape me into a more resilient and focused student. It taught me how to face challenges with confidence and stay grounded, even during tough times. The 5Cs — Competence, Character, Commitment to Achieve, Collaboration, and Creativity — weren't just taught, they were part of our everyday experience. I still carry these values with me, especially in my current course. As a consistent volleyball player and student-athlete, Southville also helped me find balance between academics and sports. With their support, I was able to grow both in the classroom and on the court. Looking back, I'm really grateful for how Southville continues to shape me into a better student and person.

Completing Tasks with Perseverance and Discipline

DISCIPLINE

Start with a clear, realistic goal
Write down exactly what you want to finish and make goals realistic and measurable

Break tasks into very small steps
Treat each small step as a mini-task to finish; this makes it less scary and easier to start

Use routines and a daily schedule
Keeping the same routine each day builds automatic behavior so you rely less on motivation and more on habit.

Remove friction and distractions
Reduce distractions by keeping your phone away, blocking distracting apps, or studying in a quiet spot
